

Newell Toy Hauler Series

NEWELL Toy Hauler

Trailblazers RV Sport Trailer range includes models from 15' to 20' lengths. Our lightweight construction suits many of the lighter SUVs and passenger vehicles, versatile layouts cater for families or couples.

The spacious living area is easily transformed into a cargo area that will accommodate two motorbikes, a quad bike, the family bicycles or similar toys. This lightweight, low profile pop top Sport Trailer is just two metres wide, aerodynamic, economical to tow and easy to store. The Sports Trailer's wheels are set to follow in the same wheel track as the tow vehicle and, when fitted, the option of AL-KO's new off road ball hitch and suspension, makes it very easy to tow through sand and mud.

Trailblazers RV Sport Trailer is the ideal crossover RV. Many options can be included to enable you to tailor your trailer to suit your needs.
